CARBON PAPER SWINDLE.

How Mr. Taylor Grimes Was Done Out of Three Dollars.

Taylor Grimes, of No. 1135 Fourteenth street, called the attention of District Attorney Birney and the police authorities yesterday to a swindle perpetrated on him by a solicitor with a sheet of carbon

paepr.
On October 23 a man called on Grimes claiming to represent the firm of Rose & Company of Indianapolis. The firm, he said, was about to issue a Universal Busi-

said, was about to issue a Universal Business Directory, and Mr. Grimes gave the stranger 50 cents to pay for the insertion of his name in this book.

Grimes wrote his name and address on a tablet of paper, which the solicitor carried. Under the sheet of paper on which Mr. Grimes wrote was a piece of carbon paper and under this a contract blank.

Yesterday another man called on Mr. Grimes and presented him a bill for \$3 from the Merchants' and Manofacturers' Guide. Mr. Grimes refused payment of the bill, but the stranger handed him a contract, apparently signed by Mr. Grimes, agreeing to pay \$3 for having his name printed in the "Guide." The contract bore date of June 6, and Mr. Grimes by reference to his books found that he was

From traces of the carbon paper, be discovered the nature of the game, which had been played on him, and he paid the bill. He sent the contract with a statement of the case to District Attorney Birney and that gentleman referred it to Inspector Hollinberger. The detective bureau has been placed in possession of a description of the men, and are at work on the case. reference to his books found that he was

SUPT. DUNN'S DEATH.

Coroner Hammett Says It Was Caused

Coroner Hammett yesterday certified that William H. Dunn, late superintendent of the Municipal Ledging House, died from peritonitis. Mr. Dunn was an inveterate hewer of tobacco and sought to reform by treating himself with a patent prepara-tion sold for the cure of the tobacco habit. Soon after taking a few tablets of this Mr. Dunn became ill, was removed to

ALEXANDRIA HAPPENINGS. It is said that the residents of Fayette street are not going to give up the fight against the Penasylvania Rasiroad Company occupying that street, even if it complies with the conditions imposed by the city council. As the railway company makes the first move toward putting down the track, it will be stopped by an injunction which will be at once sworn out. Feeding runs very high against the members of the street committee for recommending the passage of the bill, in spite of the almost unanimous protests of the people, and if an election was to be beld tow there would be a great many new faces among the members of the city council.

The triends of the police, who are worsing to get them an increase in pay, are not
at all disposed to give up the fight
because the board of aldermen turned the
pay increase bill down, and substituted
a measure to increase the force instead, to

J. R. Robertson. WORTHY FOREMAN BISHOP'S REPORT. The address of General Worthy Foreman Michael J. Estop was a brief review of the progress of the order during the past year. He said in part:

the progress of the order during the pastyear. He said in part:

"The retrospect for the twelve months since the New Orleans convention is in no scase a lattering one for organized inhor or its representatives, and contains, for this order more particularly, lessons of most fateful warning. Not in many years has such abnormal progress been made by concentrated weaths in the direction of more firmly intrenching itself behind barriers which every day become more difficult to overthrow.

"The evolution of mankind into mero machine tenders and the obvious tendency to eliminate the necessity for human skill from all forms of productive industry received an immense impetus during the period.

ceived an immense inspection.

"The typographical compositior, the cigarminker, the lecomotive engineer, the skilled worker in wood, together with many other craftsmen, hitherto considered to be safe from the general danger, have this year seen the final quietus put upon their hopes, and have been shown that in the very near future "common laborer" will be a fitting universal appellation.

"Our entire domestic field is also threatened with invasion by the workmen from China and Japan, whom our Order has so far failed to recognize as a portion of the human family, and this does not lessen the gravity of the situation.

gravity of the situation. SKILLED LABOR OF NO ACCOUNT.

Human ingenuity has discovered a method whereby the peat from the bogs of Europe is converted into a better quality of cotton than can be raised by our most succession. ton than can be raised by our most successful agriculturists, a more satisfactory cloth in appearance, as well as endurance, than the most expensive product of the silk loom; a handsomer and more lasting wood, capable of being molded litto the most intricate shapes, than the rarest ebony, with many other minor articles; while from the residue comes a letter fuel than was the peat itself in its original form. Thus the skilled artisan, the farmer, the agricultural and other laborers see themselves cultural and other laborers see themselves

rapidly being reduced to an absolute com-mon level where skill cuts no figure and opportunity governs all.

"It may seem unnecessary waste of time and space to tabulate these details, or reiterate statements forming fairly common knowledge, and the only excuse to be offered is a desire to demonstrate in the most emphatic way the rapidity with which expensive and troublesome human labor is being superseded by the tireless machine, the creation of our own brain, while at the same time we are almost en-tirely sopine in the work of attempting to control the stupendous force threaten-ing our future existence as free agents."

ENTERTAINED THE MEDICOS.

by Dr. Taber Johnson.
Dr. George Taber Johnson entertained
the visiting members of the Southern
Gynecological Association last night as his residence, 924 Seventeenth street north-

west.
Over fifty local physicians, all of them prominent in the medical world of Washington, were invited to meet the guests. There were no set speeches delivered, nelearned papers read nor debated throughout the evening, which was given over entirely to social discourse and the enjoyment of a most samptuous supper.
At the afternoon session the leading paper was a sketch of Dr. Marion Sims and his work by Dr. John A. Wyeth, of New York city. Other papers were read by Dr. L. S. McCurtry, Louisville, Ky.; Dr. J. W. Long, Richmond, Va.; Dr. Cornellus Kollock, M. D., Cheraw, S. C.; Dr. John T. Henry, M. D., Chester, S. C.; and Dr. James T. Jelks, M. D., Hot Springs, Ark.
